VPK GRADUATION

The Sea of Learning celebrated the graduation of it's VPK students at a gala at the Spartan Manor in New Port Richey.

The Voluntary Prekindergarten Education Program -- or VPK -- prepares early learners for success in kindergarten and beyond. VPK helps build a strong foundation for school using educational material corresponding to various stages in a child's development.

From all accounts the evening was a great success. It marks a wonderful milestone in the preparation of students to put their best foot forward in their academic endeavors.

We are so very proud of each and every child.
